The minutes of the meeting of Nov. 4, 1912, were read and approved.

F.L. Marchand, on behalf of Mr. F. Wentland, stated that Mr. Wentland would like to connect with the city water, but that there was a strip of land six feet wide between his land and the city mains; that said six feet of land belonged to C.L. Buell, and Wentland could not cross it to connect with the main.

A communication from Western States Gas & Electric Company, offering to let us use their transformers to carry the city load while the city was moving its transformers, at the price of \$25.00 per day or fraction thereof, was read, and the Clerk instructed to make a suitable reply thanking the company for their beneficence.

A communication from C.C. Van Pelt, asking for lights at the corner of Tokay St. and Cherokee Lane, was read and referred to Public Utilities Committee.

A letter from Pacific Tel. & Tel. Co., asking to be allowed to purchase a one-half interest in five poles on N. Pleasant Ave., was referred to Public Utilities Committee, which committee, on the recommendation of Supt. Henning, reported that the half interest in the five poles mentioned was worth \$32.50. On motion of Rich, the report of the committee was accepted and the half interest valued at \$32.50.

The following applications for Building permits were read and granted:

H.N. Madison, barn on lot 3 block 1, Barnhart Tract;  
I.O.O.F., improvements to building at 105 and 107 N. Sacramento St.

Hattie B. Bewley from lot 3 block 20 to lot 2 block "C" A. & P. Add.;  
John C. Bewley from country to lot 5 block 11 Hutchins Add.

When the application of Hattie B. Bewley was read, J.M. McMahon, a property owner in the district into which the building was proposed to be moved, protested that the removal of old buildings into any district is not for the public interest and that it depreciates the value of property in the district into which it is moved. However, the permit was granted without an opposing vote.

The claim of Lodi Sentinel of \$34.25 for printing and publishing was allowed and redeemed paid.

President Lawrence stated that he had been asked if the city would furnish light at the Salem School for the Mothers' Club meetings, if they would do the wiring of the building. It was suggested that this club might also meet at the city hall.
